

2011-2012
MEDICAL & HEALTH INFORMATION

- Please fill out a **Yearly Health Information Sheet** for each child attending Seneca Grade School in the 2011-2012 school year. This information is shared with the teachers and staff that work with your child.
- **If your child takes medication at school (Inhalers, ADD medication, Insulin, Tylenol, cold cough medication etc) then a Medication Authorization Form must be filled out. In order for this medication to be administered the form must be signed by your child's physician and you, the parent or legal guardian. This is only for medication that needs to be administered at school. This includes ALL over the counter medication.**
- The state law requires that every student starting **Preschool** is required to have a physical exam with current immunization record along with a lead screening before school begins. The parent information section on the back of the form **must** be completed and signed by the parent/guardian.
- The State of Illinois requires that every child entering **Kindergarten** must have a *dental exam, vision exam (by a licensed optometrist or ophthalmologist), and physical exam with current immunization records* on file at the school. The parent information section on the back of the form **must** be completed and signed by the parent/guardian.
- The State of Illinois requires that every **2nd grader** must have a *dental exam*.
- The State of Illinois requires that every **6th grader** must have a *dental exam, and physical exam with current immunization records*. The parent information section on the back of the physical form **must** be completed and signed by the parent/guardian.

Medical Authorization, Dental, Physical and Eye Exam Forms can be picked up at either of the main offices. Your doctor's office should have forms available to you as well. If you have any questions please feel free to contact me at the school.

Sincerely,
Fran Rosner
School Nurse
