

Non-fiction Photo Album

After having read the Carole Marsh mystery book, you will read a non-fiction book based on someplace or someone famous mentioned in that novel. You will need to find four important facts about that person or place.

On the cover, you need to write your topic and draw a large picture representing your topic to decorate the cover.

You need to draw and color a picture for each important fact. Underneath each picture, you will write three “fourth- grade” sentences about the picture.

You will be graded on neatness, correct sentence structure, content, and creativity.

This project is worth 50 points.
